What Other Benefits Do EV Customers Receive at Oakland Airport?

PREMIER LOT: EV customers can enjoy FREE EV charging in addition to PRIORITY PARKING closest to the Terminal and AMBASSADOR SERVICE which includes free newspapers, bottled water and a pass for the fast Premier Lane at the Security Checkpoints.

DAILY AND ECONOMY LOTS: EV customers can enjoy FREE EV charging in addition to parking in close proximity to the Terminals.

How Do I Charge my EV?

The Clipper Creek charging stations are open and accessible at all times. Remove charging plug from holster and plug in car.

The ChargePoint charging stations can be accessed by using one of the following 3 methods:

1. An RFID-based ChargePoint card
2. Contactless Credit Cards, such as MasterCard PayPass™, Visa PayWave®, etc.
3. Phone call to the customer service number on every ChargePoint charging station

Once a charging session has been initiated, the unit will unlock and the driver can remove the charging plug from the holster in plug in car for Level 2 charge, or open hatch to reveal charging receptacle for travel cord.

How Do I Obtain a ChargePoint Card?

A ChargePoint card may be obtained for a small fee by creating an account on-line at www.chargepoint.net.

How Long Does it Take to Sign Up for the Service (method #3 above) at the Unit when you don't have an active RFID card?

Varies depending on call volume, but should not take more than a few minutes.

What Happens When a Battery Is Fully Charged?

The charging unit will automatically shut off.

What Happens When a Plug Is Removed?

If you are signed up for Notifications from ChargePoint, you will receive a message when the charge plug is removed. A new EV charging session must be initiated to begin charging.

How Do Customers Troubleshoot or Request Customer Service?

Call the toll-free number located on the charging station.
