Changes Coming to OAK Employee Parking

Employee Parking users,

OAK will soon be changing the way we administer Employee Parking. These changes will increase services provided to all of you! Once this change is in effect, you will be able to administer your Employee Parking account on-line and establish recurring payments.

The permitting system will remain similar to the existing system; where Employee Parking users will pay for quarterly/semi-annual/annual permits and can receive prorated parking passes and refunds when permits are returned.

In addition, Employee Parkers who procure the parking permits directly will be able to make monthly credit card payments for quarterly permits. Along with these changes we are increasing employee parking rates that have not increased since 2008 to $35 per month or $105 per quarter. While costs are increasing by 10%, to mitigate this increase we will offer a 10% discount for qualifying Seniors (age 55 and over), Students, and Military. Additional details will be provided soon.

We anticipate that in early December Employees will be able to access the on-line Permit Application and Payment system.

Finally, in previous communications we highlighted a revised location for Employee Parking permit pick-up. Please note that the location for Employee Parking will remain at its current location at the Public Counter in Terminal 1.

Summary of Changes:

- Online Permit Application and Payments
- Discounts for Seniors/Military/Students
- 2020 Monthly Parking Permit rates increase to $35/month

We will be releasing more information as we get closer to the switchover date.
